

Venture 1:9 is excited to announce a strategic partnership with...

Those who follow Jesus should be the best leaders in the world!

Launched in 1999 by Andy Stanley, John Maxwell, Reggie Joyner, Lanny Donoho, and other great leaders, Catalyst exists to embolden leaders from all over the world. Through its live events, weekly podcasts, and a brand new community-building app, Catalyst leans into leaders who are seeking to create courageous change in the world— Gospel-centered, deep-rooted change.

At its core, Catalyst is a community of change makers!
